

Citrus

MOISTURIZING GEL CREAM

Revitalize with deep moisture, brightness and protection

INTRODUCTION

Citrus Moisturizing Gel Cream is a fast-absorbing and non-drying gel cream that reduces dullness and provides intense brightening for a radiant, more even complexion. **Aloe Barbadensis Leaf Juice** helps dehydrated skin to lock in moisture and restore the natural protective barrier of skin. **Squalane** and **Sodium Hyaluronate** act as potent moisturizing agent to promote intense hydration beyond the skin's surface. **Citrus Reticulata (Tangerine) Peel Extract** helps to improve the transparency and brightness of the skin.

MAIN INGREDIENTS

Aloe Barbadensis Leaf Juice

Aloe Barbadensis Leaf Juice is a potent hydrating ingredient that helps dehydrated skin to lock in moisture. It has soothing and anti-inflammatory properties to heal wounds, combat free radical damage and restore the natural protective barrier of skin.

Squalane

Squalane helps reduce moisture loss from the skin to keep skin hydrated. It also repairs skin's vital barrier to help skin look younger.

Sodium Hyaluronate

Sodium Hyaluronate acts as a potent moisturizing agent, which is smaller than hyaluronic acid and can penetrate deeper into skin, thus providing intense hydration beyond the skin's surface.

Citrus Reticulata (Tangerine) Peel Extract

Citrus Reticulata (Tangerine) Peel Extract is an ingredient that provides whitening, moisturizing, anti-aging and anti-oxidation benefits, thus giving the skin a luminous glow. It helps to improve the transparency of the stratum corneum and the brightness of the skin.

MAIN FUNCTION

Deep Moisturization

Improves Skin Brightness

Improve Natural Protective Barrier

PH

5.0 - 7.0

APPEARANCE

Opaque white gel cream

SUITABLE SKIN

All skin types

DIRECTION FOR USE

Apply evenly over your face and neck. For better results, gently massage after application.

Precaution/Warning

If the product is directly introduced into eyes, immediately rinse eyes until no more irritation. If irritation persists, seek medical advice.

Storage Conditions

Room Temperature (24-27°C), please avoid High temperature storage.

Period-after-opening (PAO) 12M.
