Moisturizing

14 Types of Ingredients

Anti-Aging & Freckles Reducing

Alpha-Arbutin

- Naturally found skin lightening agent that reduces melanin production.
- Targets dark spots effectively, resulting in clearer and brighter skin.

Citrus Reticulata (Tangerine) Peel Extract

- Scavenges free radicals and provides strong protection for the skin.
- Releases enzymes that aid in collagen and elastin breakdown, supporting skin firmness.
- Reduces hyperpigmentation, evens skin tone, and brightens complexion.

Persea Gratissima (Avocado) Fruit Extract

- Leave dry and chapped skin feeling nourished and hydrated
- Protect skin against UV damage and free radicals
- preventing signs of premature aging skin

Geranium Robertianum Extract

- Inhibits enzymes that contribute to skin hyperpigmentation.
- Rich in vitamins, tannins, and phenolic acids, which are essential for maintaining youthful and clear skin.

Paeonia Suffruticosa Root Extract

- Reduces dark spots, wrinkles, and fine lines by protecting the skin from damaging radicals and pollutants.

Scutellaria Baicalensis Root Extract

- Renowned for its antioxidative and anti-inflammatory properties.
- Protects against environmental stressors and UV damage while inhibiting melanin production for a more even skin tone.

Thymus Serpyllum Extract

- Acts as a potent anti-irritation, antiseptic, and antioxidative agent.
- Suitable for reducing skin redness, rashes and itchiness, while preserving the skin's natural defense system,

Alpinia Katsumadai Seed Extract

- Significantly reduces melanin production, providing a prominent skin whitening effect.

Allantoin

- Soothes and protects skin from harmful oxidants.
- Speeds up skin healing and stimulates the growth of new tissues.
- Softens the skin and effectively protects the skin barrier.

Squalane

Moisturizes, repairs the skin barrier, has anti-inflammatory properties, and improves skin smoothness.

Glutathione

Antioxidant that protects against environmental damage, blocks melanin production, and restores skin's glow.

Niacinamide

Fades dark spots, strengthens the skin barrier, improves complexion, minimizes pores, and prevents breakouts.

Aminopropyl Ascorbyl Phosphate

Reduces melanin, minimizes dark spots, boosts collagen, and brightens skin tone.

Tranexamic Acid

Targets stubborn pigmentation, strengthens the skin barrier, locks in moisture, and protects against irritants.
