

Pigment Cream

Rediscover your skin's natural radiance

INTRODUCTION

This lightweight cream is specifically formulated to target dark spots, hyperpigmentation, and melasma. Enriched with **Niacinamide** and **Alpha-arbutin**, it effectively brightens skin and reduces the appearance of dark spots. This cream also deeply hydrates and strengthens the skin barrier, leaving your skin looking radiant and healthy.

Main Ingredients

Sodium Hyaluronate

- Attracts moisture into the skin, enhancing hydration.
- Penetrates deep layers of the skin, boosting hydration and making the skin feel soft and supple.

Sodium Polyglutamate

- Known for its superior moisturizing and skin-smoothing properties.
- High moisture-binding ability provides long-lasting hydration, making the skin smoother and plumper.

Alpha-Arbutin

- Naturally found skin lightening agent that reduces melanin production.
- Targets dark spots effectively, resulting in clearer and brighter skin.

Tranexamic Acid

- Targets stubborn pigmentation like melasma and dark spots.
- Enhances the skin barrier, locking in moisture and keeping toxins and irritants out.

Citric Acid

- Commonly used to brighten and soften the skin.
- Helps unclog pores and promotes the exfoliation of dead skin cells.
- Hydrates the skin matrix to reduce fine lines and wrinkles, achieving an even skin tone.

Geranium Robertianum Extract

- Inhibits enzymes that contribute to skin hyperpigmentation.
- Rich in vitamins, tannins, and phenolic acids, which are essential for maintaining youthful and clear skin.

Paeonia Suffruticosa Root Extract

- Reduces dark spots, wrinkles, and fine lines by protecting the skin from damaging radicals and pollutants.

Scutellaria Baicalensis Root Extract

- Renowned for its antioxidative and anti-inflammatory properties.
- Protects against environmental stressors and UV damage while inhibiting melanin production for a more even skin tone.

Thymus Serpyllum Extract

- Acts as a potent anti-irritation, antiseptic, and antioxidative agent.
- Suitable for reducing skin redness, rashes, and itchiness, while preserving the skin's natural defense system.

Alpinia Katsumadai Seed Extract

- Significantly reduces melanin production, providing a prominent skin whitening effect.

Glutathione

- Protects the skin from environmental damages like sun rays, pollutants, and allergens.
- Prevents oxidative damage, reducing wrinkles and signs of aging.
- Blocks the enzyme that triggers melanin production, restoring the skin's natural and youthful glow.

Main Function

Hyperpigmentation
and Lighten Skin Tone

Skin Brightening and
Anti-Aging

Skin Moisturizing

pH

5.0 - 7.0

APPEARANCE

Opaque cream

SUITABLE SKIN

All skin types

DIRECTION FOR USE

Step 1

Scoop an appropriate amount of cream and apply it directly onto the face.

Step 2

Massage the skin, including the neck area, and let the cream fully absorb into the skin.

Precaution/Warning

If the product is directly introduced into eyes, immediately rinse eyes until no more irritation. If irritation persists, seek medical advice.

Storage Conditions

Room Temperature (24-27°C), please avoid High temperature storage.

Period-after-opening (PAO) 12M.

PRODUCT INFORMATION

Brand

SKINLAB

Product name

PIGMENT CREAM

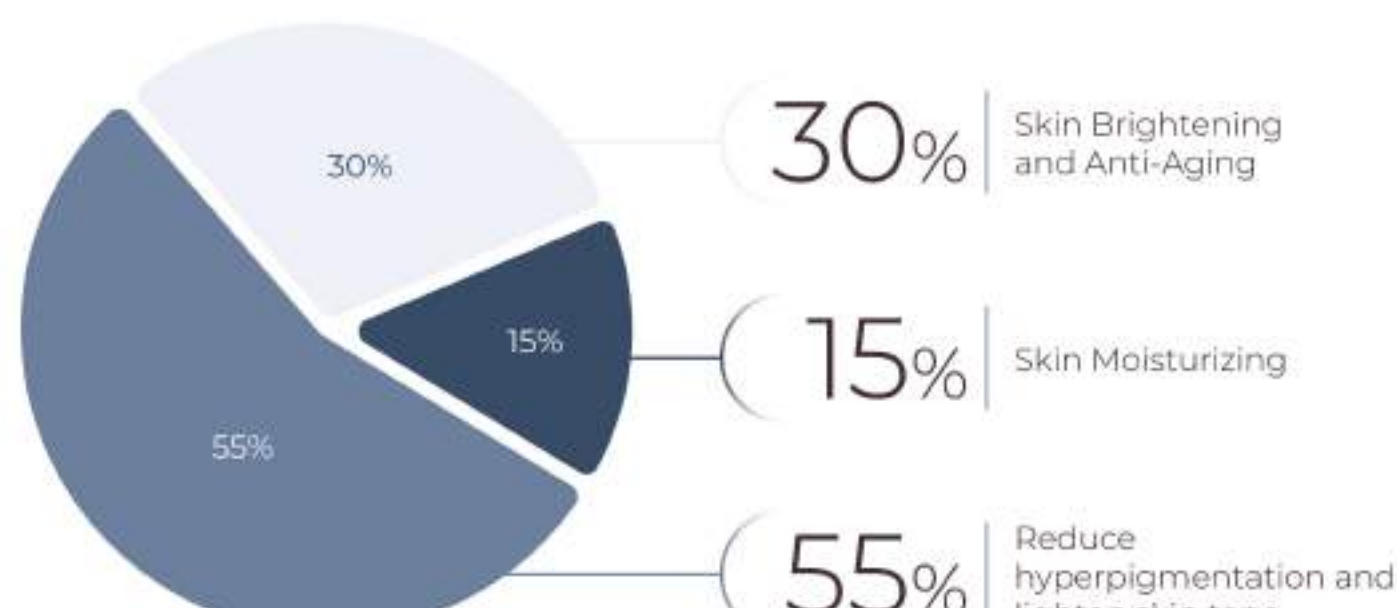

Ingredients

Water, Glycerin, Butylene Glycol, Polyacrylamide, Hydrogenated Lecithin, Phenoxyethanol, Sodium Acrylates Copolymer, Oligopeptide 68, Sodium Polyglutamate, Sodium Hyaluronate, Niacinamide, Alpha Arbutin, Sodium Metabisulfite, Tranexamic Acid, C13-14 Isoparaffin, Laureth 7, Lecithin, Sodium Citrate, Citric Acid, Aminopropyl Ascorbyl Phosphate, Geranium Robertianum Extract, Paeonia Suffruticosa Root Extract, Scutellaria Baicalensis Root Extract, Thymus Serpyllum Extract, Alpinia Katsumadai Seed Extract, Glutathione, Chlorphenesin, Sodium Oleate, Fragrance, Disodium EDTA

Usage

Scoop an appropriate amount of cream and directly apply onto the face. Massage the skin, including the neck area and let the cream fully absorbed into the skin
