

Bio-Fiber Mask

MOISTURIZING • ANTI-AGING • BRIGHTENING
DEEP CLEANSE

INTRODUCTION

Bio-fiber Mask is a **biological nano-scale membrane facial mask** which made by fermenting natural coconut juice as raw material. It is a skin-friendly materials with high water retention capacity.

Glutathione acts as the main ingredient to provide anti-aging benefits to reduce the appearance of skin aging. **Niacinamide** and **Alpha-Arbutin** help to whiten the skin to even out the skin tone. **Citrus Reticulata (Tangerine) Peel Extract** helps to improve the transparency and brightness of the skin.

MAIN INGREDIENTS

Bio-Fiber Facial Mask Cloth

Fiber fermented from **Natural Coconut Juice & Acetobacter**

Biological nano-scale **membrane cloth**

Flexible texture, not easily torn

Medical-grade material

Increases skin elasticity

High water retention capacity
