

GLYCERIN GEL

is a clear, odorless gel that improves dry, rough and itchy skin, leaving it silky smooth. With regular use, the skin will improve quickly and steadily. Glycerin acts as a powerful moisturizing agent that strengthens the skin barrier and improves the appearance of rough and dry skin, resulting in younger-looking skin.

Ingredients List (INCI Name):

Water, Propylene Glycol, Glycerin, Sodium Hydroxide, Carbomer, Sodium Benzoate, Disodium EDTA

MAIN INGREDIENTS

Glycerin

is a humectant that helps the skin retain moisture to give the skin a fuller and firmer appearance

Propylene Glycol

is often used to improve moisturizing benefits of a skin care product, as it has a high affinity for water

Sodium Hydroxide

Regulates pH stability and skin compatibility.

pH

5.5 - 6.5
