

SKINLAB

# HA Sunscreen

DEFEND • GLOW • HYDRATE • STAY YOUTHFUL

## INTRODUCTION

**HA Sunscreen** helps to protect skin against UV radiation while correct uneven skin tone with light coverage finish. It also helps to enhance the skincare routine as it also acts as a nourishing moisturizer for an instantly glowing finish.

**Titanium Dioxide** helps protect the skin from short-wave UVA and UVB radiation. **Trehalose** has a hydrating benefit for skin and protects skin from free radical damage caused by UV exposure. **Hydrolyzed Pearl** promotes wound healing and effective skin lightening to make the skin appear lighter and brighter. **Sodium Hyaluronate** acts as a potent moisturizing agent to provide intense hydration beyond the skin's surface.

## MAIN INGREDIENTS

### Titanium Dioxide

Titanium Dioxide helps to protect the skin from short wave UVA and UVB radiation. In addition, it is considered no risk of skin sensitivity which means that it is a good sunscreen active for sensitive or redness-prone skin.

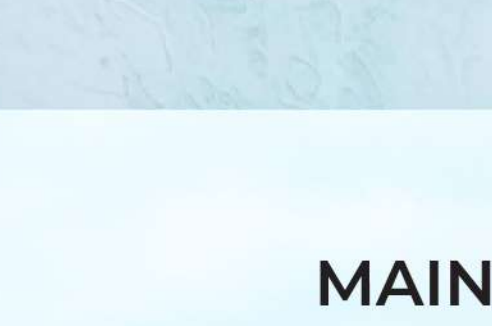

### Trehalose

Trehalose is a water-binding plant sugar that has a hydrating benefit for skin. It also offers antioxidant protection, in which it protects skin from free radical damage caused by UV exposure.

### Hydrolyzed Pearl

Hydrolyzed Pearl promotes wound healing and effective skin lightening to make the skin appear lighter and brighter. It is also effective at delaying the process of skin aging to reduce the appearance of fine lines and wrinkles.

### Sodium Hyaluronate

Sodium Hyaluronate acts as a potent moisturizing agent, which is smaller than hyaluronic acid and can penetrate deeper into skin, thus providing intense hydration beyond the skin's surface.

## MAIN FUNCTION

Protection against  
UV radiation

Skin Tone Up

Skin Moisturizing

Anti-aging

PH

5.0 - 7.0

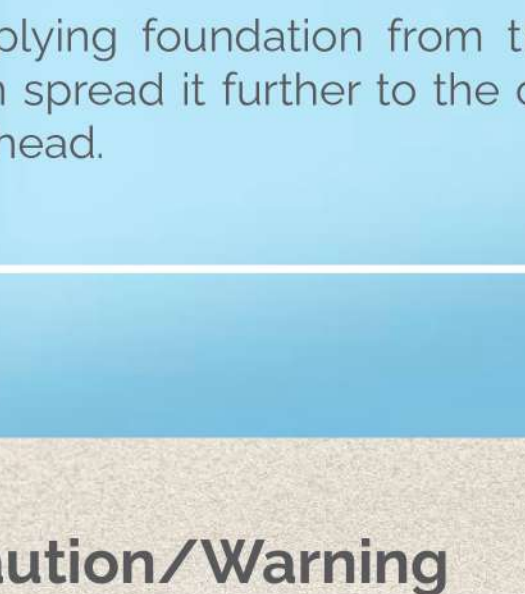

APPEARANCE

Opaque white cream

SUITABLE SKIN

All skin types

## DIRECTION FOR USE

Start applying foundation from the cheek and then spread it further to the chin, eyes and forehead.

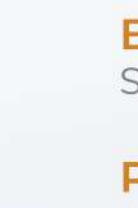

### Precaution/Warning

If the product directly introduced into eyes, immediately rinse eyes until no more irritation. If irritation persists, seek for medical advice.

### Storage Conditions

Room Temperature (24-27°C), please avoid High temperature storage.

Period-after-opening (PAO) 12M.

## PRODUCT INFORMATION

### Brand

SKINLAB

### Product name

HA SUNSCREEN

### Ingredients

Water, Butylene Glycol, Glycerin, Cyclopentasiloxane, Hydrogenated Polydecene, Isononyl Isononanoate, CI 77891, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Betaine, Cyclohexasiloxane, Sodium Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, 1,2-Hexanediol, Hydroxyacetophenone, Polyacrylamide, Isohexadecane, C13-14 Isoparaffin, Trehalose, Dimethicone, Potassium Lauryl Phosphate, C12-15 Alkyl Benzoate, Polysorbate 80, Polysorbate 60, Sorbitan Isostearate, Triethoxycaprylylsilane, Laureth-7, Lauryl PEG-9 Polydimethylsiloxethyl Dimethicone, Lactobacillus/Soymilk Ferment Filtrate, Aluminum Hydroxide, Sorbitan Oleate, Dimethiconol, Sodium Hyaluronate, Fragrance, Pentylene Glycol, Hydrolyzed Pearl, Phenoxyethanol, Beta-Glucan, Glycyrrhiza Glabra (Licorice) Root Extract, Cetyl Alcohol, Ethylhexylglycerin, Yeast Extract

### Usage

Start applying foundation from the cheek and then spread it further to the chin, eyes and forehead.
