

# Colour-Changing Lipstick

*Nourish Your Lips. Embrace the Glow*

## Introduction

**Colour-Changing Lipstick** is infused with **Tocopherol** and Simmondsia **Chinensis (Jojoba) Seed Oil** to moisturize the lips. For a fun application moment, the colour-changing lipstick utilizes the body's natural pH to create a personal shade of pink. Tocopherol and Jojoba oil absorb quickly into lips to soften and smooth without leaving a greasy film.

## Main Ingredients

### Tocopherol

Tocopherol has humectant properties that hydrate, and emollient properties, which support the skin barrier, thus making the lips smoother, plumper and softer, lightens dark lips naturally.

### Simmondsia Chinensis (Jojoba) Seed Oil

Simmondsia Chinensis (Jojoba) Seed Oil absorbs quickly into lips to soften and smooth without leaving a greasy film.

### CI 45410

it is a pH-sensitive dye that enables a colorless lip balm to turn red/pink upon application.

## Main Function

### Lips Moisturizing

### Lightens Dark Lips Naturally

### Change Colour

## Direction for Use

Apply directly to lips and watch as the personal shade of colour changes. Use any time during the day as needed.

## Precaution/Warning

Remember remove the lipstick when sleeping and keep it hydrated. For external use only. If have specific concerns about lipstick safety, consulting with a dermatologist or healthcare professional is recommended.

## Storage Conditions
